

## Funded training available for agri-tech businesses in Worcestershire

The Skills Support for the Workforce programme (SSW) can support small & medium-sized businesses in the agri-tech industry in Worcestershire to upskill their employees with training courses & qualifications to grow their business and boost the local economy. Whilst agricultural and horticultural business are not eligible for the funding, businesses that develop technology-based products and services for the agriculture and horticulture sectors, to improve efficiency and profitability, are eligible and are encouraged to apply.

Through our network of expert training providers, there is a wide range of courses on offer including:

- Business administration
- Team leading & management
- Business improvement techniques
- Manufacturing operations
- Sales & marketing
- Warehousing & storage
- And many more

We will work with you to identify your business' training needs to support your business goals.

The SSW programme is co-financed by the European Social Fund (ESF) and the Education and Skills Funding Agency (ESFA) so a wide range of training can be accessed at no cost to your business.
